

INDEX to Articles in the CR 914 NEWS

November 1996 through August 2004 (Issues 1 through 42)

Edited to four pages and to remove outdated articles.

PDF files of all back issues are available for downloading (free) at www.amya.org/crnews.html. For the Internet challenged, a reprint of any issue can be ordered from the class office for \$1.50, which includes shipping and handling.

| Subject or Title | Capsule Summary (occasionally truncated) | Date of Issue | Page |
|---|--|---------------------|------|
| ADMINISTRATION | | | |
| A Family Affair | The new Class Secretary's background in sailing | July-August 2004 | 2 |
| Greater Tulsa MYC Annual Report | Fleet Captain Terry Rainey reports | Dec. 02-Jan. 03 | 6 |
| The Mid-Missouri Model Sailing Club | How a club got started | Nov.-Dec. 2001 | 1 |
| CR 914 Advisory Committee | AMYA reg. cards and hull labels no longer used | Nov. 2000-Jan. 2001 | 2 |
| CR 914 Distribution in the US | Text and tables showing where CR 914's were in 2000 | July-August 2000 | 6 |
| CR 914 Management Team | An "Advisory Committee" is formed. | Sept.-Oct. 1999 | 8 |
| BATTERIES | | | |
| MIXING BATTERIES (of different capacities) | The lowest capacity battery determines life of a set | July-August 2004 | 8 |
| INTERCHANGEABLE BOAT BATTERIES | How a club can make all packs interchangeable | Jan.-March 2002 | 7 |
| Sail Servos are Stronger using NiMH cells | Data shows why NiMH are better than alkalines | Jan.-March 2002 | 5 |
| CHARGING 1600 mAh NiMH Cells | Explains that simple chargers will work fine | Nov.-Dec. 2001 | 10 |
| NiMH Batteries Have Arrived | Update on the rapidly changing NiMH story | Sept.-Oct. 2001 | 10 |
| A Simple Approach to Batteries | An update on a simple battery charging system | Sept.-Oct. 2001 | 10 |
| NiMH BATTERIES HAVE ARRIVED | They are now available in local stores | April-June 2001 | 13 |
| BATTERY PRIMER | Discusses the various battery types | April-June 2001 | 13 |
| BATTERY CHARGER TYPES | Discusses different charger types. | Feb.-March 2001 | 11 |
| Questions and Answers | Sail servo stronger with rechargeable, ~20% stronger using 5-cells... | Nov. 00-Jan. 01 | 10 |
| "Power Pack Supreme" | Always dry electronics after sailing | Sept.-Oct. 2000 | 6 |
| Charging Five Cell Batteries | An inexpensive four-cell chargers will do it | Sept.-Oct. 2000 | 6 |
| Hydrimax "Ultra"™ NiMH Packs | Discusses disappointing performance | July-August 2000 | 8 |
| What is Your Battery Capacity | Different ways to test for battery capacity. Photos | Jan.-Feb. 2000 | 6 |
| Rechargeable battery System | Steve Lang describes an interesting system | Jan.-Feb. 2000 | 8 |
| Beware of "Battery Checkers" | Explains the limitations of measuring battery voltage... | Nov.-Dec. 1999 | 6 |
| BATTERY CHARACTERISTICS | Curves illustrate differences between NiCd, NiMH and Alkal'n batteries | Nov.-Dec. 1999 | 6 |
| "Battery Strategy with the Newer Radios" | Batteries last longer in Tx in the newer radios | July-August 1999 | 7 |
| Futaba Attack SR charge connection | Tells how and where to add a connector | Mar./April 1999 | 9 |
| How To Use Battery Voltage Testers | A discussion of how best to test batteries | Mar./April 1999 | 9 |
| BATTERY MANAGEMENT | Compares alkaline, NiCd and NiMH AA cells | Nov.-Dec 1998 | 4 |
| BATTERY MANAGEMENT | "Super-High Capacity" Panasonic NiCds and performance of year-old.. | Sept.-Oct. 1998 | 9 |
| "HIGH CAPACITY ALKALINE TECHNOLOGY" | Higher capacity alkaline batteries offer no advantage | May - June 1998 | 3 |
| "GOOD NEWS for users of rechargeable batteries" | Up to 60 mA charge rate OK for trickle charge | Nov.-Dec. 1997 | 4 |
| "How long do you want batteries to last?" | Analysis of battery life. | May-June 1997 | 4 |
| "RAYOVAC RENEWAL" | A discussion about RENEWAL batteries | March-April 1997 | 4 |
| "Battery Management" | Sail servos are stronger using rechargeables | February 1997 | 6 |
| THE BOATYARD: Building & Maintenance | | | |
| REEFING SAILS | How it can be done (though it's not legal) | July -August 2004 | 7 |
| Plans for a Leak Resistant Hatch Cover | One way to build one | June-Nov. 2003 | 9-10 |
| Drain Plug Tether | Clever idea from David Smith | June-Nov. 2003 | 10 |
| Battery Reliability | Recommends a way to protect battery wires | June-Nov. 2003 | 10 |
| Black Anodized Spars | Tells that D. Ramos can supply, and how to paint | Dec. 02-Jan. 03 | 10 |
| REPAIRING ATHENA | How a sunken boat was salvaged | Dec. 02-Jan. 03 | 8 |
| Long Life Rudder Servo | Hitec HS-325 servo has a long life potentiometer | Aug.-Nov. 2002 | 10 |
| Three Lessons Learned | Wendy Lull reports about her boat sinking | Aug.-Nov. 2002 | 10 |
| CR 914 Tuning Guide | 2002 Champ Geoff Becker tell how to do it | Aug.-Nov. 2002 | 8 |
| BOAT PAINTING | Tim Sullivan writes about boat paint. | Jan.-March 2002 | 10 |
| BOAT PAINT | Comments on what paint to use, etc. | Nov.-Dec. 2001 | 10 |
| How to do SAIL GRAPHICS | Kevin Delva reports on how to do it, | Sept.-Oct. 2001 | 7 |
| REMOVING STUCK KEELS | When keel rods corrode, how to get the keel off | July-August 2001 | 3 |
| ANOTHER GOOD CRADLE IDEA | Hugh Hunsinger suggests using a plastic crate milk carton | July-August 2001 | 2 |
| WATERPROOF THE ELECTRONICS | How to make your boat more reliable | April-June 2001 | 14 |
| AN EXCELLENT BOAT STAND | John Whalen's clever adaptation of a camp table | April-June 2001 | 14 |
| STRONGER SAIL SERVOS? | Discusses ways to get a stronger sail servo | Feb.-March 2001 | 12 |
| Eye Protection on Tx Antenna | Steve Moussas finds a solution to this problem. | Feb.-March 2001 | 12 |
| Rudder Arm Failures | A way to repair a cracked rudder arm | Sept.-Oct. 2000 | 8 |
| Masthead Crane Failure | Show a way to prevent this failures | Sept.-Oct. 2000 | 7 |
| Bow Bumper Update | Dave Ramos creates an improved bumper | Sept.-Oct. 2000 | 7 |
| Substitute Sail Servo Arm Pulley | Photo and text showing an alternate pulley | July-August 2000 | 10 |
| Main Outhaul Arrangement | Photos and text of a couple ways to do the job | July-August 2000 | 10 |
| SMOOTH Sail Control on Transmitter | Modify Tx for smooth servo stick action | May-June 2000 | 10 |
| Prevent Mainsheet Fouling at Split Ring | How to tie string to prevent fouls | May-June 2000 | 10 |
| MULTIMETER | Recommendations for a volt/ohm/amp meter | Jan.-Feb. 2000 | 10 |
| "MAST STICKS" | Describes simple device to square-up the mast | Jan.-Feb. 2000 | 10 |

| | | | |
|--|--|------------------|----------|
| KNOTS | | | |
| “String Rings with Illustrations” | Illustrates double half-hitch and square knot | Jan.-Feb. 2000 | 10 |
| “String Rings vs. Boom Rings” | More info on string rings with photos | Nov.-Dec. 1999 | 10 |
| “Panel Grommets Reduce Boat Speed” | A way to replace the troublesome boom rings | Sept.-Oct. 1999 | 10 |
| “RUDDER SENSITIVITY” | Explains why. | July-August 1999 | 10 |
| “Jib Topping Lift” | Discusses the subject | July-August 1999 | 10 |
| “Servo Growl” and “Glitching” | Why, how and the problems with them | July-August 1999 | 9 |
| “ADJUSTING BOWSIES” | Discusses the problems | July-August 1999 | 9 |
| “Panel Grommet Reliability Problem” | How to. | May-June 1999 | 10 |
| “Modify Futaba Connectors” | Can hook up on another boat. And an alternative | May-June 1999 | 10 |
| TELLTALES | Modified Futaba connectors fit Hitec components | May-June 1999 | 10 |
| LOST YOUR NUTS? | Discusses telltales on the sails to sail faster | May-June 1999 | 9 |
| INTERIM BOW BUMPER | Tells where to get replacement keel nuts | Mar./April 1999 | 10 |
| JIB BOOM TACK FITTING FAILURES | How to make one is explained | Mar./April 1999 | 10 |
| RADIO RANGE CHECK | Shows a wire replacement. Photos | Mar./April 1999 | 8 |
| Glue Applicator | How to check your radio before racing | Mar./April 1999 | 8 |
| BOW BUMPERS | Bulb glue applicators are discussed | Mar./April 1999 | 7 |
| INTERNAL ANTENNA (for the boat) | Why they are needed and analysis of requirements | Mar./April 1999 | 4 |
| PAINTING A CR 914 | Shows how to install the antenna inside the boat | Jan.-Feb. 1999 | 10 |
| Boat Maintenance Column | Describes painting with automotive lacquer | Nov. Dec. 1998 | 3 |
| Boat Maintenance Column | Discusses Dean’s connectors and battery switches | Nov. Dec. 1998 | 10 |
| Boat Maintenance Column | Bboom ring breakage and preventing rudder ball joint disconnects | Sept.-Oct. 1998 | 10 |
| Boat Maintenance Column | Stronger jib boom tack fittings | July-August 1998 | 10 |
| Boat Maintenance Column | Lee Mairs offers some building tips | May - June 1998 | 10 |
| Boat Maintenance Column | Slack rigging, hull cracks, mast fittings, boom rings and bowsies. | Mar. -April 1998 | 10 |
| “Masthead Fitting Repair” | One way to repair the eye on the forward face of the mast head fitting | Jan.-Feb. 1998 | 10 |
| “Jib Boom Tack Fitting Failures” | Discusses a fix for this deck fitting | Jan.-Feb. 1998 | 10 |
| “Set Up Your Boat To Win” | Data on how fast boats are setup and tuned | Nov.-Dec. 1997 | 1, 9, 10 |
| “HULL LEAKS <i>RE-VISITED</i> ” | CA glues are waterproof, 5 min. epoxies are not; and other things | Nov.-Dec. 1997 | 10 |
| “HULL LEAKS” | How to prevent and fix hull leaks | Sept.-Oct. 1997 | 3 |
| “Drain Holes and Sponges” | Where to locate the holes and a use for sponges | Sept.-Oct. 1997 | 5 |
| “Paint for the CR 914” | Custom paint colors and about white boats | Sept.-Oct. 1997 | 5 |
| “Waterlines” | How to put a waterline on the boat | March-April 1997 | 2 |
| “Shroud Quick Disconnects” | A shroud quick disconnect is shown | February 1997 | 1 |
| CLASS RULES | | | |
| Rule Interpretations | Keel, Keel bulb and Jib Boom Tack | June-Nov. 2003 | 3 |
| Boat Weight at 2002 Nationals | Buttons Padin creates a chart showing variation | Dec. 02-Jan. 03 | 6 |
| Compilation of all Rule Interpretations | By Class Secretary | April-July 2002 | 4 |
| Class Rules Vote – 2000 | Approved bow bumper requirement | May-June 2000 | 1 |
| “Discussion on Class Rule Changes” | Bow bumpers and correction weight rule changes | Mar.-April 2000 | 12 |
| Rule Interpretations | First report: Decisions on “720”s, Rule 4.6, etc. | Nov.-Dec. 1999 | 1 |
| “Bumpers Mandatory At Nationals” | Reports on bumper status | July-August 1999 | 3 |
| “BOW BUMPERS” | Discusses bow bumper need and design | Mar./April 1999 | 4 |
| “Class Rule Interpretations” | No ballast permitted; no keel fin fillet; etc. | Mar./April 1999 | 6 |
| “Class Rule Interpretations” | Discussion of seven rule “corrections. | July-August 1998 | 7 |
| “1998 CLASS RULES VOTE RESULTS” | Presents the vote results on the revised rules. | May - June 1998 | 8 |
| “Class Rule Interpretations” | Skipper eligibility, location of boom fittings, sails | Mar.-April 1998 | 5 |
| “1998 Class Rules Revisions” | Discussion of proposed rules revisions and ballot | Jan.-Feb. 1998 | 1 |
| “Boat Weights” | Region 1 weight data | May-June 1997 | 8 |
| “Proposed CR 914 Class Rules” | Gives rationale for changes to the class rules | January 1997 | 3 |
| CR 914s IN JAPAN | | | |
| “Report from Japan” | Rick Martin reports on model racing in Japan | Nov. Dec. 1998 | 7 |
| “CR 914 Racing In Japan” | Rick Martin tells us about racing in Japan | December 1996 | 7-10 |
| PERFORMANCE | | | |
| “Want to Sail Fast?” | Article by John Atwood about how to win | Mar.-April 2000 | 10 |
| Performance vs. Weight | Data from the 1999 CR 914 Nationals | Jan.-Feb. 2000 | 1 |
| RACE RESULTS | | | |
| Midwest CR Racing Circuit Spring Regatta | It showed that “no frills” regattas can work, with or without dogs | July-August 2004 | 1 |
| 2004 Region 1 Championships | Reports on the regatta at Redd’s Pond, Marblehead, MA | April-June 2004 | 8 |
| Clovelly’s 5 th Annual Cow Pond Regatta | As reported by Amy Hitt | April-June 2004 | 3 |
| 2004 Larchmont Spring Regatta | Buttons Padin reports on his excellent regatta | April-June 2004 | 1 |
| 2003 Nationals Report | Told by Sandy Purdon | June-Nov. 2003 | 1 |
| 2003 Region 1 Regatta Report | Hatch Brown reports | June-Nov. 2003 | 8 |
| 2003 Region 4 Regatta Report | Dick Martin reports on his excellent regatta | April-May 03 | 1 |
| 2003 Larchmont Spring Regatta | Regatta report | Feb.-March 03 | 1 |
| 2002 Region 6 Championships | Doug Mc Kerrow reports on the Region 6 regatta | Dec. 02-Jan. 03 | 4 |
| 2002 Nationals Report | Champ Geoff Becker tells how to win it | Aug.-Nov. 2002 | 6 |
| 2002 National Championships | Buttons Padin tells the story | Aug.-Nov. 2002 | 4 |
| 2002 Region 5 Championships | Denny Hanson reports | Aug.-Nov. 2002 | 3 |
| 2002 Larchmont Spring Regatta | Buttons Padin tells the story | April-July 2002 | 1 |

| | | | |
|---|--|---------------------|------|
| 2001 National Championships | October 13,14 in Evergreen, CO | Sept.-Oct. 2001 | 1 |
| Region 5 Championships | Greater Tulsa MYC had an excellent regatta | July-August 2001 | 6 |
| Powder Puff Regatta | North Cove YC, Old Saybrook, CT. Great idea! | July-August 2001 | 1 |
| 2001 Region 1 Regatta | Regatta report from Winthrop, MA | April-June 2001 | 1 |
| St. Patrick's Day/District III Regatta | Regatta report from Norfolk, VA | April-June 2001 | 4 |
| 3 ½ Mile Race! | The Yacht Club, Houston, TX by Walt Douglas | April-June 2001 | 6 |
| First Annual Regatta, Lakes YC | Report from Palm Desert, CA by Marv Rosenberg | April-June 2001 | 7 |
| 2001 Larchmont MYC Spring Regatta | Full regatta report of the fabulous event | Feb.-March 2001 | 1 |
| Holiday Regatta, Dec. 2 & 3, 2000 | Greater Tulsa YC's first regatta | Nov. 2000-Jan. 2001 | 8 |
| 2000 Nationals | Regatta Report | Nov. 2000-Jan. 2001 | 1 |
| 2000 Region 5 Regatta | Regatta Report | Sept.-Oct. 2000 | 1 |
| 2000 Region 1 Regatta | Regatta report. | May-June 2000 | 3 |
| 2000 Larchmont MYC Spring Regatta | Full regatta report of the fabulous event | Mar.-April 2000 | 1, 9 |
| 1999 National Championship Regatta | Regatta report and race results | Sept.-Oct. 1999 | 1-6 |
| 1999 Larchmont MYC Spring Regatta | Article on the great regatta | Mar.-April 1999 | 1 |
| 1998 National Championships | Race results and boat weight | Sept.-Oct. 1998 | 1 |
| 1998 Micro-Whitbread Report | The story by Hank Buchanan | July-August 1998 | 6 |
| 1998 Region 1 and 2 Regatta Results | Race results for Annapolis and Marblehead regattas | July-August 1998 | 2 |
| Larchmont MYC Spring Regatta Reports | Thirty-one boats enjoy a great event with photos | Mar.-April 1998 | 2, 6 |
| "1997 National Championships Results" | 1997 results | Sept.-Oct. 1997 | 1 |
| 1997 Larchmont MYC | 1997 Race Week, etc. | July-August 1997 | 5 |
| "Region 1 Championships" | 1997 results | May-June 1997 | 7 |
| "Greg Worth is 1996 National Champion" | Race results and report on the Nationals | November 1996 | 1 |
| RACING RULES and BEHAVIOR | | | |
| Racing Rules of Sailing | Rule 14 – Avoiding Contact is addressed | April-May 03 | |
| Non-kit Running Rigging Fittings are Legal | Pekabe blocks, an example, are legal | Dec. 02-Jan. 03 | 10 |
| "And then there was light...." | Walt Douglas tells how RRS use initiated in Houston | Nov.-Dec. 2001 | 7 |
| Tactical Race Adjustments | A skipper has to adjust to changing wind strengths | Nov.-Dec. 2001 | 7 |
| A Better Approach to the Rules | A <i>SAILING WORLD</i> article by John Burnham | Sept.-Oct. 2001 | 9 |
| RACING RULES OF SAILING – 18.2a | Graphical explanation of a mark-rounding rule | July-August 2001 | 10 |
| Thoughts on Good Racing | Hatch Brown's essay on a very important subject | April-June 2001 | 3 |
| 2001-2004 Racing rules of Sailing | Part 1 and 2 are printed for convenience | Feb.-March 2001 | 9 |
| ARE WE HAVING FUN YET? | An essay on sportsmanship | Nov. 2000-Jan. 2001 | 11 |
| RACING RULES OF SAILING | Overview and illustration of the RRS-1997-2001 RRS | July-August 1999 | 4 |
| RACING RULES OF SAILING | Mark rounding explained – Rule 18 | May-June 1999 | 4 |
| Rules Interpretation – 18.3 | Mary Savage explains tacking in the four length zone | Mar./April 1999 | 11 |
| SAILING INSTRUCTIONS | A preliminary SI aimed at improving the quality of racing at the pond | July-August 1998 | 9 |
| THE WORST PROBLEM IN MODEL...RACING.. | Unpleasant behavior caused by inappropriate reactions to protests | July-August 1998 | 8 |
| A Simplified Version of the Racing Rules of Sailing | Dave Perry's excellent article with Brad Dellenbaugh's illustrations | July-August 1997 | 7 |
| RADIO SYSTEMS and SERVOS | | | |
| 23-Channel Conundrum | More info on why there is 23-channel interference | April-June 2004 | 10 |
| Hitec Transmitter Quickly Repaired | Hitec quickly repairs a rare failure of a Ranger 2 Tx | April-June 2004 | 9 |
| Another Cause of Interference | Dave Collings discusses two causes of interference | April-June 2004 | 9 |
| Transmitter Fix | WD 40 stopped servo reversing problems | April-June 2004 | 9 |
| ANTENNA ON MAST DOESN'T WORK | Steve Uhl tells how he found that out | April-June 2004 | 9 |
| Crystals Are Not Created Equal | Crystals are not always interchangeable: rechangeables interchangeable | April-June 2004 | 7 |
| CR 914 Kit Radios Do The Job | Corrects misinformation of NEWS radio reports | June-Nov. 2003 | 7 |
| Successful Trouble Shooting | Stephen Smith solves the dirty pot problem | June-Nov. 2003 | 7 |
| WATERPROOF the RECEIVER | Use Vaseline to protect the Rx from water | Feb.-March 03 | 10 |
| RECEIVER REDUX | A drowned Rx can often be saved to sail again | Feb.-March 03 | 9 |
| "VoltWatch" | <i>Dick Martin tells us the VoltWatch is not useful</i> | Feb.-March 03 | 9 |
| Battery Boxes are Unreliable | Discusses why soldered battery packs are better | Dec. 02-Jan. 03 | 10 |
| Rx Mounted on Servo Board | Article and photo | Dec. 02-Jan. 03 | 9 |
| RADIO INTERFERENCE | 23-channel syndrome explained | Dec. 02-Jan. 03 | 7 |
| Radio Interference at the Nationals | Tells what solved the glitching problems | Aug.-Nov. 2002 | 7 |
| TWIST WIRES | How and why to twist all wires in boat | April-July 2002 | 12 |
| RADIO SCANNER SOLVES PROBLEMS | Tells ways a radio scanner helps stop glitching | April-July 2002 | 12 |
| PANDORA'S BOX was opened | Discusses the many things that cause glitching | April-July 2002 | 11 |
| RADIO PERFORMANCE ASSESSMENT | Compares performance of stock radios | April-July 2002 | 10 |
| Radio Performance Test Protocol | How to test the sensitivity of the radio | April-July 2002 | 9 |
| AVOID RADIO PROBLEMS | Recommendations to prevent glitching | April-July 2002 | 8 |
| RUDDER CHATTERING | A discussion of this common problem | Nov.-Dec. 2001 | 10 |
| TROUBLE SHOOTING RADIO SYSTEMS | An organized approach to finding what's wrong. | July-August 2001 | 7 |
| SWAPPING RADIO CRYSTALS | No problem making a channel changes | Nov. 2000-Jan. 2001 | 12 |
| Changing Radio Channels | An arrangement to make it easier to change channel crystals in the boat. | July-August 2000 | 3 |
| NEW RADIO FOR THE KIT | Compares the new radio to the old | May-June 1999 | 7 |
| SAIL SERVO STRENGTH | The stock kit servo is strong enough to win | Jan.-Feb. 1999 | 9 |
| "RELIABILITY" | Discusses stopping deck leaks | Nov.-Dec. 1998 | 8 |
| "Bringing Radio Receivers Back To Life" | Tony Johnson tells us how. | Nov.-Dec. 1997 | 3 |
| "Stronger Sail Servo" | Five sail servos are tested. One is recommended | November 1996 | 2 |

REGATTA MANAGEMENT

| | | | |
|------------------------|--|------------------|---|
| Promoting your Regatta | Dick Martin writes about how to do it | Dec. 03-March 04 | 1 |
| ODDS & EVENS | Another system to seed boats at regatta | Jan.-March 2002 | 6 |
| Heat Management System | ISAF/RSD scheme for seeding large regattas | Nov.-Dec. 2001 | 6 |

SAILS

| | | | |
|---------------------------------|--|-----------------|----|
| REEFING THE MAIN | Terry Rainey tells how to quickly reef the mainsail | Jan.-March 2002 | 10 |
| “SAIL MATERIAL STORY REVISITED” | Data from AG, Inc. about sail material | May - June 1998 | 10 |
| “The Story About the New Sails | Discusses the new sails AG started to ship in the kits | Mar.-April 1998 | 9 |
| “The Precision of Stock Sails” | Worth Marine measurements of 32 sets of kit sails | February 1997 | 3 |

SAILING, Racing, etc.

| | | | |
|-------------------------------------|--|------------------|---|
| “ORBIT” your Boat | Tells how set boat to circle in one place | May-June 2000 | 2 |
| Starting Model Sailboat Races | Talks about start tapes, etc. | May-June 1999 | 1 |
| “RACE COURSE MARKS | Different ways to make course marks | May-June 1999 | 8 |
| “Don’t Pitch Pole” | How to avoid pitch poling | July-August 1997 | 6 |
| “Sail a 58 knot America’s Cup Boat” | Shows why the “scale speed” of models is so high | December 1996 | 3 |

RELIABILITY (Also look at THE BOAT section)

| | | | |
|-------------------------------|--|------------------|----|
| WATERPROOF THE ELECTRONICS | How to make your boat more reliable | April-June 2001 | 14 |
| SQUARE KNOT FAILURE | Knots in small rigging string slip if not glued | Mar.-April 2000 | 8 |
| WATERPROOF the RECEIVER | One way to improve reliability of the Rx | Jan.-Feb. 2000 | 4 |
| Prevent Jib Sheet Fouling | Ways to solve this problem, photo | Jan.-Feb. 2000 | 5 |
| IMPROVE RELIABILITY | Ways to prevent fouling of sheets | Nov.-Dec. 1999 | 5 |
| BROKEN BOWSERS | Talks about using a stronger jib boom tack fitting | Sept.-Oct. 1999 | 7 |
| WATER TIGHT BOAT | Discusses reducing the leak at the rudder rod | Sept.-Oct. 1999 | 7 |
| EXTERNAL BOAT SWITCH | A magnetic switch and a switch from Dubro | July-August 1999 | 6 |
| EXTERNAL BOAT SWITCH | Why and how of external switches | May-June 1999 | 9 |
| RELIABILITY AND SALTWATER | Howie McMichael on assuring electronic reliability | Jan.-Feb. 1999 | 8 |
| “RELIABILITY” | Presents a way to make servos more waterproof | Sept.-Oct. 1998 | 8 |
| “Surviving Saltwater Sailing” | How to beat the ravages of saltwater | February 1997 | 4 |

STANDING RIGGING

| | | | |
|---------------------------|---|----------------|---|
| “Standing Rigging” | Adjusting bowsies, why rigging gets loose, etc. | Nov.-Dec. 1997 | 6 |
| “Rigging Line Tests” | Test data on rigging line | May-June 1997 | 6 |
| “Standing Rigging Update” | Data on stretch of four kinds of rigging line | February 1997 | 2 |
| “Drag And Sag” | The first article on low stretch standing rigging | January 1997 | 4 |

MISCELLANEOUS

| | | | |
|---|---|-----------------|----|
| “A Treatise on the Importance of Smoke” | Humorous explanation of how radios work | April-June 2004 | 10 |
| HANDOUTS AT THE POND | Create business cards to handout to interested people | Jan.-March 2002 | 6 |
| OWNER’S STATISTICS | 87% of owners have email. Owner age distribution | Jan.-March 2002 | 9 |
| Class Secretary is ROASTED | It is done at 2002 Larchmont Spring Regatta | Jan.-March 2002 | 1 |
| CR 914 Designer Interview | Rick Martin interviews Kazuo Takei in Japan | Nov.-Dec. 1999 | 2 |
| CR 914 CLASS HISTORY | History from the start to December 1998 | Jan.-Feb. 1999 | 2 |
| “An Historic Boat” | Photo and story of the boat that started the Class | Sept.-Oct. 1997 | 7 |
| “Traveling With The CR 914” | Discusses some ways to travel with the boat | May - June 1998 | 9 |
| “Sail Area/Displacement Ratio” | Compares models and full scale boats | Mar.-April 1998 | 4 |
